TRAVEL/AIRPORT INFORMATION

For those of you able to accommodate your schedules, we recommend flying into Philadelphia on Thursday and leaving town on Monday, that way you will be able to get settled in when you arrive and also relax and clean up after the Certification on Sunday. It also gives you the opportunity to further network with the Certification attendees upon the conclusion of the Certification on Sunday. The Certification is scheduled to end at 4:30 p.m.

You'll be flying into the Philadelphia International Airport (<http://www.phl.org>). The Philadelphia International Airport (PHL) is located approximately 33 miles from the Embassy Suites Philadelphia-Valley Forge and 36 miles from the United Sports Training Center.

Philadelphia International Airport is the largest airport in the Delaware Valley region and in Pennsylvania. As of 2008, it is the 11th busiest airport in the world in terms of aircraft activity. The airport is the primary international hub of U.S. Airways and has service to destinations in the United States, Canada, the Caribbean, Costa Rica, Europe, Israel, and Mexico, and may in the future provide service directly to China, as U.S. Airways may begin service to Beijing in Spring 2010. Most of the airport property is located in Philadelphia proper.
